The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton	1,000,000
Macoa	60,000
Hong-Kong	250,000
Swatow	200,000
Amoy	250,000
Foo-Chow	1,250,000
Wan-Chu	300,000
Ningpo	400,000
Hang Chean	1,200,000
Shanghai	1,000,000
Total	5,910,000

These ports have a foreign commerce of $900,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the communications of the Government, of business, and of social life especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population *Four hundred and Fourteen millions*, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To-day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter.

No enterprise commends itself as in a greater degree renumerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

☞ The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York *Herald, Tribune, World, Times, Post, Express, Independent*, and in the Philadelphia *North American, Press, Ledger, Inquirer, Age, Bulletin* and *Telegraph.*

Shares of this company, to a limited number, may be obtained at $50 each, $10 payable down, $15 on the 1st of November, and $25 payable in monthly instalments of $2.50 each, commencing December 1, 1868, on application to

YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia.

Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or any thing like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint, DYSPEPSIA, Nervous Debility, JAUNDICE, Diseases of the Kidneys, ERUPTIONS OF THE SKIN, and all Diseases arising from a Disordered Liver, stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate diseases of the Liver or Digestive Organs, combined with impure blood.

HOOFLAND'S GERMAN BITTERS

is entirely vegetable and contains no liquor. It is a compound of Fluid Extracts, The Roots, Herbs, and Barks from which these extracts are made, are gathered in Germany. All the medicinal virtueus are extracted from them by a scientific Chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

HOOFLAND'S GERMAN TONIC

is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in case where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These remedies are the best

Blood Purifiers

ever known and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order, keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no diseases will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything, you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find that "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.

Yours Truly, GEO. W. WOODWARD.

FROM HON. JAMES TAOMPSON.

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect, JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully, J. H. KENNARD, Eigth, below Coates Street.

CAUTION.

Hoofland's German Remedies are counterfeited. The Genuine have the signature of C. M. JACKSON on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.

KNOWING WHOM TO KICK.—The late Col. McClung, of Mississippi, once got into a dispute in the office of the Prentiss House at Vicksburg, with a rowdy, when, to end the matter without delay, he took the rowdy by the "nap of the neck," led him to the door and kicked him into the street.

The kicked picked himself up, walked away, and here the matter ended. Some weeks after, McClung was in New Orleans, and when walking up St. Charles street saw the fellow he had kicked out of the Prentiss House kicking a third party out of a drinking saloon. McClung walked up to his old acquaintance, once kicked but now the kicker, and after scanning him closely, said:

"Look here, my fine fellow, are you not the man I kicked out of the Prentiss House the other day?"

"Softly, softly, Colonel," replied the rowdy, taking him by the arm, "don't mention it—I'm the man—but—you and I know whom to kick!"

The Career of a Guerrilla's Bride. A Romance of the Late Civil War.

Nearly every pleasant day pedestrians on our principal avenues pass a dark eyed brunette, of medium size, plump figure and richly dressed. In the early spring of 1861, Sue Kiteradge, a lovely girl just returned from boarding school, lived upon her father's plantation in one of the rural districts of Kentucky, uncertain whether to risk her fate with the new "Confederacy" or hang back. She was seventeen, and a frequent visitor at the adjoining plantation of Mr. Mundy, an old gentleman, whose wife and son, a young man, composed a happy family.

One day a company of Union cavalry rode down upon the place, plundered the premises, carried off the valuables, burned the residence and finally slaughtered the parents, who were defending their own firesides, laying waste the country in their track, and leaving Mundy and Sue orphans indeed. Young Mundy was at last aroused, and while being carried off a prisoner no words escaped his lips but "Sue." When asked his name he repeated "Sue"—probably the effect of a disordered brain. His linen examined, the indellible name of "Mundy" was found, and ever after he was known as "Sue Mundy," the constant terror of Union citizens and soldiers in that section. Released on parole, he immediately returned and interred the charred remains of his own parents, as well as the body of Mr. K. Taking a solemn and fearful oath of vengeance, and accompanied by Sue, who was now without home or friends in the wide world, he started for a neighboring camp of bush-whackers or guerrillas, where he was received with open arms, and was soon promoted to the office of commander of the force, while Sue, disguised, and passing by the name of "Kit," an abreviation of Kiteradge, proved invaluable as a spy, a fearless rider, and of undoubted bravery. Kit, after serving nearly two years as spy and general planner for the band, found her health failing. Disguised and armed with the highest testimonials, she succeded in securing a position on the staff of General Claiborne, the hardest fighting Irishman in the rebel army. This position she held, doing her duty like a man, until the battle of Atlanta, July 12, 1864, in which Pat. Claiborne was killed. Returning to her youthful hero and his band, she again revelled in the carnival of blood, and tho' her spirit was willing, the flesh was weak, and Kit was again transferred to guard duty at Andersonville. Prisoners who have shared the hospitality of that celebrated camp will perhaps remember a short, stout and muscular young Lieutenant, with flashing black eyes, a face smooth as a maiden's, and cruel, as though a fiend incarnate lurked within. This was Sue Kiteradge, the amiable young boarding school miss, the cheerful companion, the once wealthy heiress, the beautiful maiden and firm friend of young Mundy, whose life to her was dearer than her own.

Sue Mundy and a part of his band were captured, and tried by court martial. Kit was present during the whole trial, and used her greatest influence, but of no avail. Sue Mundy was convicted and hung at Louisville, Kentucky, in March, 1865. The flowing hair still hung about his shoulders, and when his youthful corpse was taken down and laid away in his narrow bed, the bleeding and broken heart of Sue Kiteradge was buried with it; and a wanderer on the face of the earth, homeless and friendless, she lives without hope of heaven or mercy, forsaken and dishonored, and cast away.—*Detroit Post.*

NICELY CAUGHT.

At the masked fireman's ball in New Orleans, a few weeks ago, a gay and handsome man who had refused to take his wife to the ball on the plea of business, was struck by a stranger, a lady in mask. On her he exerted all his fascinations.

"Oh, sir, you quite put me out with your flattery! I suspect you are a married man," said the lady.

"No indeed; but I confess a willingness to get married since I had the pleasure of seeing you," was the gallant reply.

"Indeed! but you haven't seen my face yet."

"No, but I know it is beautiful.—The exquisite grace which accompanies every thing you do and say tells me as much."

"Indeed!"

"I think so; but you will no longer deny me that satisfaction; for I assure you, lady, I am deeply in love."

"Indeed!!"

"It is true. Until I met you tonight, women have looked to me homely and common-place."

"Oh, you are jestiing."

"Indeed, I am not."

"And you never loved any one before?"

"Never! Your sex appeared to me always deceitful, and my heart refused them all sympathy, but for you I feel a passionate attraction I have no power or inclination to resist."

"Can this be true?"

"It is, indeed."

"And you wish to see my face!"

"I am mad with impatience, since it will be the only face my heart will ever mirror. It has upon it now no rival impression."

"You are so persuasive I can no longer deny you the privilege—look!" and the mask was removed.

"The devil!" said the discomfitted benedect, indulging in a prolonged whistle.

"Oh, no my dear, only the face that has no rival impression upon your heart."

"Say, Mary, let's call it square and go home."

"I think we'd better."

And they went.

AN OCEAN OF SNAKES.

A Ship Passes Through a Writhing Mass of Reptiles.

The statement published in last Sunday's *Times* that the steam-ship Mexico, Captain Pittfield, when on her last trip, off the Tortugas, steamed through a tangled mass of snakes of all sizes, has become a subject of much comment. "Snake stories" are proverbially uncertain, but we are now enabled authoritatively to declare that this particular one may safely be relied upon.

Our original account was incorrect in one particular only. Instead of two hours and a half, as stated, the Mexico was more than one hour and a half in passing through this horrible mass of writhing reptiles. They were of all sizes, from the ordinary green water snakes of two feet to monsters—genuine sea serpents—of fourteen feet in length. The largest snakes, when the swell produced by the movement of the vessel reached them would, we are informed, partly raise themselves up from the water, as in the attitude of striking, and dart out their tongues wickedly at the waves. The greatest interest, as was natural, was manifested by those on board the Mexico. Decipline was forgotten, and the captain, officers, passengers, crew and ship boys stood in common by the sides looking on a sight that, so far as shown by sea annals, has never yet been witnessed by those who have gone "down to the sea in ships," which may, possibly, never greet human eyes again. We can think of no valid explanation on the subject unless it be—taking our own inspiration of the "day"—that the shade of that famous snake destroyer, on the approach of his anniversary, has been wandering in Florida, and has shown that he has lost none of his old skill by driving off in one mass its myriads of reptiles from the coast.

Seriously speaking, however, the presence of these snakes in the waters off the Tortugas is a remarkable occurrence, one that may properly claim the attention of the scientific. One fact at least is proven. That fact is that under some special revulsion of the laws ordinarily controlling them, snakes may live in salt water. After this experience, the existence of the mysterious 'sea serpent' becomes again an "open question."

Our authority for this statement is Capt. O. A. Pitfield himself, who expresses himself ready to vouch for every particular as here recorded.—*New Orleans Times.*

WASN'T ACQUAINTED.—"Why is it," said one of our school-marms to a young scapegrace who had caused her much trouble by her bad conduct, "why is it you behaved so well when you first came to school, and are so disobedient now?" "Because," said young hopeful, looking up into the teacher's face, "I wasn't much acquainted then."

A Sunday School teacher was not a little surprised one day to find a counterfeit shilling among the coppers; the donor was pointed out to him. "Didn't you know that it was good for nothing?" said the teacher. "Yes," answered the boy. "I didn't s'pose the heathens would know the difference."

A countrywoman in New York visited Stewart's. "Such heaps of goods! Such lots of people!" "And then," said she, "there were so many pretty little boys named Cash, and all about the same size! I didn't see Mrs. Cash; but I tell you she's got a mighty smart set of young ones!"

"Come here, you young scamp, and get a sound spanking." Scholar—"You hain't got no right to spank me, and the copy you set sez so." Teacher—"I should like to hear you read that copy." Scholar (reads)—"Let all the ends thou aimest at be thy country's."

An Irishman, noticing a woman pass along the street, spied two strips pending from under the lady's cloak. Not knowing that they were styled sashes; and were hanging in the right place, he exclaimed. "Faith, ma'am, your gallasses are untied."

THREE suggestions—First: Go to no place where you cannot ask God to go with you. Second; Engage in on business which you cannot ask God to bless. Third: Indulge in no pleasure for which you cannot return thanks to God.

Lamartine once replied to a mob that demanded his head: "That would be greatly to your advantage, for if you had it on your shoulders you would be more sensible." The crowd laughed and went away.

A rowdy intending to be witty, thus accosted a lady in the street. "Madam, can you inform me where I can see the elephant?" "No, but if I had a looking glass I'd show you a very large monkey." The rowdy sloped.

A TEACHER was explaining to a little girl the meaning of the word" cuticle." "What is that all over my face and hands?" said he. "It's freckles, sir," answered the little cherub.

It is a curious fact that, though rain keeps thousands away from church on Sunday, it does not deter a single man from attending to his business on week days.

To teach one to help oneself, the Spaniards say, drawing, the simile from hot porridge, "He who hath a mouth e his own should not bid any one else blow."

WHY is a son who objects to his mother's second marriage like an exhausted pedestrian? Because he can't go a step farther.

HOUSE AND FARM.

Taste in Furnishing Houses.—Mr. Eastlake, a very cultivated English writer, has been giving his views on the decoration of houses, and pointing out the follies and extravagances of modern upholstery. The London *Spectator* commenting on Mr. Eastlake's book on "Household Taste," says: "Let every man or woman who is furnishing decide for himself or herself what he wants, arrange his room as he pleases, take no counsel except from artists and books and his own sense of convenience, snub every seller who ventures to mutter 'They are not now used,' and, above all, give time to search for the precise thing he wants. With time and a little money anything can be accomplished, even the furnishing of a modern house, so that it shall be a pleasant habitation, shall not require renewal more than once in a lifetime, and shall not bear the most distant resemblance to an upholster's showroom." The ridiculous custom of turning one's house into a mere imitation of every one else's, and utterly destroying its individuality by the resemblance to every other one in town, is too absurd, and is equalled by keeping a large, dreary, freshly-furnished parlor, shut up and seldom used because other people do. Every room in a house should have an occupied, habitable air, and not look like the show room of an upholster and thus serve as a mere advertisement of some shop instead of showing the taste of the occupants of the house.

To Revive Faded Black Cloths.—Boil two or three ounces of logwood in vinegar, and when the the color is extracted, drop in a piece of carbonate of iron, as large as a chestnut; let it boil. Have the coat or pantaloons well sponged with soap and hot water laying them on a table, and brushing the nap down with a sponge. Then take the dye upon the table and sponge them all over with it, taking care to keep them smooth and brush downward. When completely wet with dye, dissolve a teaspoonful of saleratus in warm water, and sponge all over with this, and it sets the color so completely that nothing rubs off. They must not be wrung or wrinkled, but carefully hung up to drain. The brownest cloth may be made a perfect black in this simple manner.

Shade in Pastures.—Certain trees, like elms, maples, basswood or lindens, willows, etc., interfere with the growth of the grass or crops, their roots being near the surface. Hickories, oaks, pepperidges and beeches, send their roots deep, and grass grows well in their shade. Still we would not cut down the former class. Cows give milk better the more still and quiet they are, and cool shade contributes essentially to their comfort. Cattle will soon fill themselves if the pasturage is good; then they want shade to chew their cud under, and do proportionally better for it.

To Keep the Bugs Away.—Protect your melon, squash, and cucumber vines thus: Take sticks four inches long and one half inch in diameter—pine is the best. Wrap one inch of one end in a piece of cotton or linen. Dip this in turpentine, and stick one or two in each hill, leaving only the wrapped part above ground. The odor of the turpentine does the business. "I have tried this for four years," says a correspondent of an exchange paper, "with uniform success."

Strawberry Wine.—According to the *Practical Farmer*, three quarts of strawberries make one quart of juice. Add three quarts of water and three pounds of the best sugar. Use a clean, sweet cask, and leave the bung out for fermentation. When this subsides, close tight, and the wine is ready for use. "It will keep ten years and more it it can be secured from depredation, which, on account of its attractive qualities, has been found a very difficult undertaking."

—Cabbage-Fleas.—A correspondent writes to ask if we cannot suggest something which will destroy "the flies" that have eaten off nearly all the leaves of his cabbages just set out. The insects complained of are without doubt cabbage-fleas, and if the leaves are dusted with ashes or Scotch snuff in the morning, when the dew is on them, these pests will be destroyed.

Hogs in Orchards.—If you are not particular about the looks, turn your hogs into the orchard. But keep the wire out of their snouts. Let them root to their heart's content; mellow the soil; they are equivalent to a cultivator—better in a sod; they are continual workers. They will meet three important things: they will work the soil, manure it, and destroy the infected fruit. This remedy, for at least two years, is advisable. Then grow sod, if you like, and your soil is rich enough. In olden times hogs were in order in orchards, and there was fruit.

Ants' Nests in Gardens.—A correspondent informs us that by burying a few sliced onions in ants' nests he has caused them to abandon their quarters. We learn from an experienced horticulterist, that two or three tablespoonsful of kerosene poured into the holes in their nests will produce the same effect.—*American Etomologist.*

A New Wrinkle.—A writer in the *Ohio Farmer* says that after the horse is nine years old, a wrinkle comes on the eye-lid, and every year thereafter he has an additional well-defined wrinkle on the same spot. If, for instance, a horse has three wrinkles he is twelve, if four, he is thirteen.—Add the number of wrinkles to nine and you will always get the age. As a good many people have horses over nine, it is easily tried.

WHAT is the difference between a good soldier and a fashionable lady? One faces the powder and the other powders the face.

The Bedford Gazette.

Friday Morning, June 4, 1869.

Now that the nominations for county offices are made, Democrats will be able to turn their attention to a thorough organization of the party for the struggle at the coming election. If the same zeal and energy which characterized the contest for nominations, be displayed in the campaign against the common enemy, there will not be the smallest grease spot of radicalism left in this county on the second Tuesday of October next. The nominees should not be content to rest on their oars. The party has honored them with its confidence. It has placed its standard in their keeping and bids them bear it forward to victory. We have no doubt they will do their whole duty. Yet we would exhort them, as well as all sincere and zealous Democrats, to make an earnest and vigorous campaign, a fight that will result in the utter rout of the radicals. To this end Democratic papers should be circulated freely among the people, especially among those who have hitherto voted against us. The radical politicians throughout the county have always made it a point to place their county papers in the hands of Democrats. They are liberal in their contributions for this purpose, and never fail to raise a fund sufficient to pay for the free distribution of several hundred copies of their papers. *Fas est et ab hoste doceri.* That is, being interpreted, it is proper to learn even from the enemy. Let the people see both sides of the questions they are called upon to decide. They will then be able to vote intelligently. Will our local politicians take the hint and profit by it?

DECEIVED! DECEIVED! Oh, yes, we told you that you would be, if you voted the so-called "republican" ticket. We told you that it was the intention of the radical leaders to foist Negro Suffrage upon you without giving you an opportunity to express your opinion in regard to it by a direct vote. You fondly imagined that Grant and the radicals would live up to the Chicago platform, which pledged them to leave the suffrage question to the people of the "loyal" states, but we told you that platform was a cheat and a snare, intended only to fool you once more into the support of the radical ticket. You were deceived, it is true, but you were wilfully blind.—Now you are undeceived. Now you see the scheme of the radical leaders in all its native hideousness. Now you behold the people robbed of the right to control and regulate the elective franchise in their own way, in order that negroes may be made the voting tools of the demagogues who at present rule the country. If you stand by without uttering a protest against this outrageous wrong, you are as guilty as the men who have perpetrated it. Your silence approves it. Your failure to condemn it, makes you *particeps criminis*. And why should you be silent? Why should you not speak out in rebuke of this infamous chicane? *You* are the men who are cheated and fooled; *you*, "*republicans*", are the victims of the fraud practised by the radical conspirators. You voted the radical ticket, believing, as the leaders of your party told you, that Negro Suffrage was not in issue last fall, and that *the people* would be permitted to decide that question for themselves. *You*, then, were betrayed, and it is for *you* to say whether you will tamely brook or manfully resent the insult. Do party shackles bind you? Snap them asunder like a man! Do demagogues seek to cajole you? Spurn them from your presence. Do pride and prejudice stand betwixt you and the right, have courage to cast them off. You may right the wrong if you will. You can save the country if you but determine to do it. Arise, then, and stand erect in your manhood! Think, resolve and act!

"Be not like dumb, driven cattle,"
Be a hero in the strife."

RHODE ISLAND refuses to wear the yoke of the radical conspirators. Her legislature met last week and postponed action on the XVth Amendment until January next. This is, virtually, a defeat of that infamous measure by that body. Rhode Island waits to know what the *people* of Pennsylvania will say in regard to the Amendment. She has no confidence in the faithless legislature which, last winter, betrayed its trust by casting the vote of our State for the Amendment. She will wait and see whether the people will not elect a legislature which will reverse the fraudulent action of the "roosters" and "pinchers" of the last one.

THE Primary Election last Saturday proved that but one candidate can be nominated for each office, even though nine good men should ask the nomination. It was a free fight in which "the longest pole knocked down the persimmon."

A FIRST RATE TICKET was nominated by the Democrats at the Primary Election last Saturday, and much excellent material was held in reserve for future use. The defeated candidates are honorable men, worthy of the confidence of the Democrats who gave them their support; men who will not only conscientiously live up to the pledge they gave the party over their own signatures to support the whole Democratic ticket at the coming election, but who will show their manliness by doing all they can to promote the election of their successful competitors. Of such stuff are proud and noble men made. It is only the milk-and-water sort who sour at the stomach after passing through a thunderstorm. Of course no man who has asked Democrats to trust him with a nomination, is made of that kind of material.

THE little half-penny tricksters among the radical politicians are chattering like so many magpies about a dozen different schemes to help their county ticket. They waste a great deal of cheap sympathy on the candidates defeated at the Democratic Primary Election. The devil always tempts when adversity comes.

THE Primary Election on Saturday last, showed great vitality in the Democracy. About 2400 votes were polled. The Radicals could muster but 1500 at their primary, with the advantage of polling it on the day of the Spring Election.

PRINCIPLES, NOT MEN, should be the watchword of the people. Think twice before you speak once.

THE *people* voted the Democratic ticket into nomination this time.

A REMINISCENCE OF THE STATE TREASURY.

The Pittsburg *Commercial*, one of the staunchest Radical papers in the State, has been moved to indignation by the method in which Republican State Treasurers have been managing the revenues of the Commonwealth. It relates the following incident as being illustrative of the matter in issue:

We have an incident of the State corruption fund—the "unexpended balance" in the hands of the State Treasurer. It occurred some years ago, but whether under Democratic rule we are not positive, but think it was during the administration of a Republican Treasurer. Among the members was a devoted advocate of the Treasurer whom it was deemed advisable to pension for his services. The State Treasurer placed twenty-five thousand dollars of the States funds in the hands of this Assemblyman. This money the member put in a certain bank, subject to the order of the Harrisburg official, and received from the bank for its use five per cent. or twelve hundred and fifty dollars a year. This was a comfortable arrangement all around, for the bank, the State Treasurer and the member. It shows the uses to which the funds of the State may be diverted by unscrupulous officials. We do not cite it for the purpose of throwing any reflections upon individuals, but merely as an argument to demonstrate to the Commissioners of the Sinking Fund the necessity of keeping the balance down in the State Treasury. The State—the people—the tax payers should have the benefit of the interest on the "unexpented balance," and not the politicians.

The above furnishes serious subject for comment during the coming campaign, in view of the fact that the late Radical Legislature refused to amend the law under which such iniquities have grown up.

THE Union League of Philadelphia, says the *Lancaster Intelligencer*, dined and wined the negro Minister to Hayti the other evening. A promiscuous assemblage of whites and blacks sat down to a splendid dinner. The fraternization of the races was complete, and the leaders of the Republican party in Philadelphia could scarcely find words sufficiently strong to express their admiration of their dusky compeers. The poet of the League recited an ode, which fairly glowed with the rich imagery that distinguishes the writings of the advocates of miscegnation. The darkeys were greatly elated and their white associates scarcely less so. Nobody went home until morning.

The government has of late been pressing some claims against certain men in the South who held official position at the breaking out of the war, but who had not time in the sudden emergency to settle their accounts. The Washington correspondent of the Baltimore *Gazette* says:

Among the "little bills" sent South, it is understood there was one for the amount of $10.50 forwarded to General Beauregard. It is further stated that by return mail that a voucher was received from that distinguished officer for traveling pay from West Point to New Orleans, at ten cents per mile, as allowed by army regulations. General Beauregard was ordered a short time previous to the war from West Point to the Crescent city, and for some reason had neglected to draw the traveling pay to which he was entitled. The balance due the General is, therefore, over one hundred dollars. Will he get the money?

Saturday night eight firemen were severely and a number slightly hurt by falling walls at a fire in New Orleans. Two are since reported dead.

Eight men were capsized last Saturday in the river below New Orleans, and eight of them were drowned.

SHOCKING ACCIDENT.—A distressing accident, resulting in the death of one of the most worthy citizens of this county, Capt. Henry Brown, occurred at the stave factory of Messrs. McKaig & Charles, Grantsville, on Thursday last. At the time of the unfortunate occurrence Capt. B. was engaged in feeding the "head cutter," when the forty inch saw with which it was supplied burst into fragments, portions of which struck him, carrying off both legs below the knee. The machinery was running at about the ordinary rate of speed, but the concussion was so great that the iron frame in which the saw operated was also shattered to pieces and fragments of it hurled in every direction through the building. Some of the frame columns, several inches in thickness, which supported the roof, were cut off like reeds by the flying debris. Besides the loss of the lower limbs the thigh of the injured man was crushed in a terrible manner. All the relief that surgical skill could suggest was afforded, but Capt. B's system was not sufficiently vigorous to withstand the shock and at about 3 o'clock, P. M., between four and five hours after the accident, death put an end to his sufferings.—*Cumberland Alleganian.*

BRIEF NEWS ITEMS.

A disgusting case of body-snatching has just occurred at Williamson, Wayne county, New York. Stephen Burton, a respectable citizen, died on Wednesday last from an overdose of chloroform, and was buried on Friday. It was suspected that his grave had been violated, and the tomb was examined. The body had been dragged out of the coffin and mutilated and concealed in the woods. Dr. Brout, of Ontaria, has been arrested, with two students, and held to answer for the crime.

A rather sensational story reaches us from New York to the effect that Miss Carrie Roberts, a beautiful blonde of twenty, ran away last week with her father's coachman, one Patrick O'Connor. They were at once married, but the next morning the young lady returned home and said that she only wedded for fun. Proceedings for a divorce are to be instituted, but as the only grounds are social inequality, it is difficult to understand how the result desired, by one at least, can be obtained.

The Pottsville *Standard* relates how two daughters of a Mr. Hoy, residing some four miles from that place, so faithfully practiced the teachings of their radical father as to allow themselves to be ruined by a negro whom their father taught them to look upon as a man and a brother, one of whom he married, leaving the other to suffer for her folly.

James A. Hunter, Esq., one of the radical members of the last legislature from the Westmorland district, declines a re-nomination, and thus escapes certain defeat at the hands of the people for his support of the negro suffrage amendment. At least such is the opinion of the *Republican and Democrat.*

The wool clip of Iowa for this year, it is stated, will not reach the figures of last year by at least 125,000 pounds. Three hundred thousand pounds of wool were shipped from Des Moines last year, besides supplying the home demand; and the clip this season will barely supply the Iowa factories.

Extract from a letter from Santa Croix.

* * * * We had wandered for many hours through tangled forest of Tropical shrubs and trees, some of them emitting a most delicious and invigorating odor, when we suddenly came upon a large and well cultivated plantation, in the center of which were several buildings. Entering these we found them to be the "press houses," stills, &c., where the sugar cane is crushed for the manufacture of St. Croix Rum. Over 100 Coolies were at work, and the smell from the fermenting vats was very exhilarating and pleasant. We were shown through the entire establishment, and learned that all the Rum here produced was shipped to Messrs. H. P. Drake & Co., New York, to be made into their celebrated Plantation Bitters. The peculiar good effects of this rum—which is the purest and best in the world—are well-known. Not a single case of Dyspepsia, Fever and Ague, Consumption, or any such disease can be found on this Island, (except invalids who come here for their health, and they are almost always cured). Combined with Calisaya bark, Cascarilla, and other important ingredients, this Rum becomes Plantation Bitters; and surely no finer Tonic and general Family remedy was ever seen. The combination of these Bitters was first descovered here many years ago, and all the natives swear by Plantation Bitters, and say "there is nothing like it. Judging by the robust health of the witnesses I am certain their testimony is true. * * * *

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

In England and Germany there are a great many mutual-benefit associations in which a number of citizens agree to pay a certain amount of money into a common fund that is provided, in case of death or sickness. The society of Odd Fellows, we believe, does this, and we presume there are twenty other associations, not quite so extensive, that support their members and endeavor to protect them against want. But a better plan than either is to take a policy in a well managed Life Insurance Company, such a one for example, as we have in the National Life Insurance Company, chartered by a recent act of Congress. This is a national institution. It is not limited to any State. Its managers are men of widely extended reputation for sagacity, honor and enterprise; they offer special features. They have one plan which is particularly desirable, namely: The annuity plan, by which the insurer pays a certain amount per year, and at the end of ten years receives one-tenth of the policy upon which he insures, so that during his life he has an income, and at his death leaves his family a provision against want. All the policies are non-forfeiting; all the premiums are returned at death. There is the security of a paid up capital of one million dollars. The rates of premium are lower and the insurance larger than are offered by any other company for the same money.—Here is an opportunity for the farmer to protect himself against bad crops; for the citizen to secure himself against fire, pecuniary trouble, bankruptcy, misplaced confidence in friends, war, or business disaster. It becomes a duty so great that to neglect it is almost a crime.

With the advent of the "month of roses" we have been once more thrown into the season of hay making pic-nics and pleasure excursions generally.—The farmers are busily engaged in securing their early hay crops, in order that this branch of husbandman's labor may be completed before the grain harvest sets in. The young folks seek recreation in the woods, or in fishing parties, or in berrying excursions.—This is also the season when early vegetables are thrown into the market, causing a general derangement of the "internal improvement" of mankind, and rendering medical aid a necessity. Just at this time the Great Zingari Bitters step in as an antidote for the various diseases arising from the too free use of vegetables, or the numerous ills to which farmers are exposed during their excessive field labor, or to which pleasure parties are subjected by their efforts to obtain enjoyment in the country. A supply of Bitters should be kept on hand for use at this particular period when all are exposed to sickness.

THE Alabama claims are now up again for adjustment, and the British government has expressed itself desirous of an arbitration. Among the claims persistingly pressed, are those of the ever present and active J. C. Ayer & Co., for the value of shipments of Cherry Pectoral, Sarsaparilla, Ague Cure, and Pills, in transit for Oregon, Vancouver's Island and Russia America, destroyed on the Anna Schmidt off the coast of South America. So universal is the use of their remedies, that they are afloat on almost every sea; and this firm is frequently caught between the upper and nether millstones of contendig nations. But they are known to stand up for their rights and to get them.—*Republican, Washington, D. C.*

I consider it the best Cure in use for any disease the human body is subject to. E. DEYOUNG, Phil'a.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work: then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall-bladder and starts the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood: then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 25 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

DEITZ'S FARM JOURNAL.—The May number of this excellent monthly, "devoted to the interest of the American farmer," is before us. In typographical beauty, as well as its interesting matter for the agricultural community, this journal is not excelled by any periodical of its kind. Published by Geo. A. Deitz, Chambersburg, at $1.50 a year.

WATER-HAUL.—On last Thursday, a stranger boasted on our streets that he had found one thousand and forty dollars in Cumberland Valley tp., supposed to have been thrown away by the Clearfield bank robbers. He was arrested and searched, and on his person was found the above sum, all but $1039.60! He was released on leg-bail.

SHOCKING ACCIDENT.—On last Saturday, as a number of persons were engaged in taking down the old stone church, in Bedford township, the walls fell in, burying in their ruins, Smith Tomlinson, W. W. Phillips and Holliday Zimmers. Tomlinson had three ribs broken and received severe internal injuries; Zimmers had a wrist and hand horribly mashed and Phillips was stunned and bruised considerably. The injured parties are all doing well, the only wonder is that any of the parties escaped instant death.

Our friend, J. Harry Hutton, of the old and popular shoe house of A. A. Shumway & Co., Phila., requests us to say to his mercantile friends in this county, that he is on the trail with a nice lot of samples of boots and shoes, and expects to be in the county in about ten days, and will wait upon and take pleasure in showing his samples, and be pleased to take their orders. To those of our merchants who have tried the house, we need say nothing, but would advise those who have not, to give the young man their orders and try his goods. Look out for him.

DECORATION DAY.—On last Sunday afternoon the surviving soldiers of the late war decorated the graves of their fallen comrades, who lie in the several burial places about Bedford. Fair hands had gathered beautiful flowers the day before, and at the appointed hour the living soldiers met at the court house, formed into line, and, preceded by a band of martial music, marched to the silent cities where lie the honored dead. The ceremony of decorating the graves of the fallen heroes was then gone through with. The turn-out was a large one, many friends of those for whom this day had been set apart swelled the procession and embraced this opportunity to go where

"Affection's hand may strew her dewy flowers,
Whose fragrant incense from the grave shall rise."

GREENBACKS GOBBLED.—*Clearfield County Currency Captured.*—We have often heard of mountains of iron and hills of gold, but Bedford county has the honor of having a valley of greenbacks, and Cumberland Valley is the spot where the stamps can be picked up. Ever since the Clearfield bank robbers took the deposits out of said bank, and, after being captured, deposited them along the road, money has become plenty in Cumberland Valley and almost every day we learn of its being picked up. No doubt some has been found by travelers along the road which will never be accounted for, but up to this time $2,352.20 has been brought to town and placed in the hands of Justice Lingenfelter for identification. It was found by different parties, as follows: George Leasure, $2,000; Annie Arnold, $220; Mrs. Dicken, $120. On last Sunday, Sheriff Steckman and John Defibaugh found $12.20 in new ten cent postal currency. If the robbers had been searched immediately after their capture, at Centreville, no doubt every cent of their ill-gotten gains would have been captured. But they were determined that no traces of the robbery should be found on their persons, and they managed to throw away all the money along the road. It is remarkable that so much has been picked up, considering that the first was found almost a week after the capture.

THE Mercersburg Classis of the German Reformed Church, commenced its annual sessions in Chambersburg, on Thursday evening, May, 13th, Rev. John W. Love, of Alexandria, Pa., was chosen President, Rev. William M. Deatrick is the Stated Clerk. The geographical territory of this Classis includes Franklin, Fulton, Bedford, Blair and a part of Cumberland counties. It has 29 ministers, and 6,086 church members. In addition to its ministers, each pastoral charge is represented by one elder.

The business usual to such meetings was transacted. The parochial reports indicate a large and healthy increase of the church. The contributions during the past year for strictly benevolent purposes, amounted to $3,558.—This Classis has eleven young men under its care, and designs to give them a full education for the gospel ministry.

Among other things, "Mercersburg College," received a large share of attention. This church school is now filled with young men who are pursuing their studies with great advantages, and the expenses are so small, as to place a college education within the reach of almost every one. The Board of Regents, elected by the Classis, has been instructed to go on with the full college course, according to the provisions of the charter, and nearly enough means have already been supplied to sustain the institution for five years, during which time it is hoped that much can be done in the way of permanent endowment. An additional force of Professors and Teachers will be secured without delay.

On Monday evening the Classis adjourned, to meet in Schellsburg, Bedford county, in May, 1870.

For the Gazette.

TRIBUTE OF RESPECT.—At a meeting of the Junior Class of Pennsylvania College, May 20 1869, the following resolutions were adopted.

Whereas it had pleased our Heavenly Father in His wisdom to call home our dear friend and classmate, Simon P. Felton, therefore,

Resolved, that we deeply feel the visitation of the Divine hand, which has taken from our midst one so talented and truly pious,

Resolved, that in the death of our friend, the class has lost one of its brightest minds and the church a member whose past life had marked out for him a high position in her ranks.

Resolved, that we thank Almighty God for the great mercy which enabled him to fall asleep in Jesus.

Resolved, that we sincerely sympathize with the relatives who have placed in the grave, in the bloom of life, one so accomplished, gentle, and dearly beloved by all.

Resolved, that as an expression of our high regard for him, we send a copy of these resolutions to the bereaved family, and wear the badge of mourning for ninety-days.

Resolved, that a copy of these resolutions be sent for publication to the church papers, the Allentown Collegiau, and the papers of Bedford and Adams County.

The following we clip from the Chambersburg *Valley Spirit*. As a specimen of polite literature it is unequaled. Our school boys will be delighted at the exquisite composition and the faultless orthography of the writer:

BEDFORD, PA. May 21 1869.
To the Editors of the Valley Spirit

being an entire stranger hitherto to yourself judge of my utter surprise on seeing my name so frequently in the columns of the last issue of your paper Inass much as you have chosen to speak plainly of me you cannot know and to severely criticise a production which i had hastely prepared not with a view topublication which recently appeared in the Fulton republican i deem it but fair play that i may be heard in defence, believing therefore that you as an independent journellist will not deny one who for four years defended the flag of his country an opportunity to reffute what i be lieve to be an unjust imputation upon myself and to repell an undeserved callumny from off our distinguished representative Honorable John Cessna I take the liberty to make a brief personnel explanation, for remember mr editor that fair play is a jewell and that whilst the multitude may for the time be attractedby your attempts at wit yet in the language of the poet

"Truth crushed to earth will rise again" and *i* can say with another Socrates is my friend Plato is my friend but truth is much more my friend and whilst it makes very little difference to me how my name may be pronounced or spelled yet I am not altogether insensible to praise or disblaime. you state that mr. Cessna, through his law student, has replied to the Fulton republican—now sir what ever credit may rightly belong to that article i claim it all for myself not one idea therein contained was ever dictated to me by any living mortal-no not even by mr. Cessna himself. However I might state in as much as I have no desire to conceal the truth after the article in its printad state was brought to the notice of mr. Cessna by myself he cordially indorsed the statement of facts made by me and if you will pardon my saying it spoke approvingly of the general character of the article. What I therein stated I then knew to be true and Istill know it. I said then and i now repeat it that this whole affair has been instigated by the enemies of mr. Cessna encouraged by the weakneed republicans and treacherously connived at by the parsimonious editor of the Bedford Inquirer for which statement i am now asI then was entirely responsible

I am sirs very respectfully
Yours Your obedient servant
WM. C. HOLLAHAN.

MIDDLETON'S
WONDERFUL PAIN CURE
A sure remedy for Rheumatism, Neuralgia, Lumbago, Growing Pains, Sprains, Bruises, Stiffness of the Joints and all similar diseases.
This wonderful remedy is composed entirely of vegetable ingredients. There are no injurious substances used in its manufacture.
For assurance of its excellent properties, read the following certificates:

BEDFORD, May 8, 1869.
I take great pleasure in giving my testimony to the value of "Middleton's Wonderful Pain Cure." I have been a martyr to Rheumatism For two months previous to Feb. 25th, last, I was suffering intensely with pain so severe, that during all that time I had not one night of comfortable sleep. I could not put my hands to my face, could not comb my own hair, nor feed myself; but after having the Pain Cure applied once, I found relief enough to give me comfortable sleep, and with its steady use, I continued to get better, and now at the end of ten weeks from its first application, I have comparatively free use of my hands, sleep well and can attend to business. It has done me more good than all other medicines I have ever used put together, and I cheerfully give this certificate of its value.
ELI M. FISHER.

BEDFORD, April 14, 1862.
Mr. W. W. Middleton,
This is to certify that I was taken with Rheumatism, in my right shoulder, on the evening of the 8th inst., so that I was unable to raise my hand to my face. I got some of your Pain Cure and applied it twice, and was entirely relieved. I would recommend to every one who suffers with Rheumatism to give it a trial and be cured.
Yours &c.,
A. F. MILLER

BEDFORD, May 17, 1869.
Mr. Middleton,
DEAR SIR:—I have used several bottles of your medicine in my family, and find it to be all you claim for it. Yours, truly,
JOHN HAFER.

BEDFORD, May 13, 1869.
This is to certify that I have used "Middleton's Pain Cure," for Rheumatism, and was very much benefited by it.
JOHN HARRIS.

BEDFORD, May 18, 1869
This is to certify that I have used Middleton's Liniment, for the Rheumatism which I had in my right shoulder so bad that I could not get my hand to my head without great pain, and after a few applications was entirely relieved.
L. F. DART.

BEDFORD, May 1, 1869.
Mr Middleton,
Dear Sir:—Mrs. Bowser was in much suffering for some four weeks with Rheumatism, and got some of your Pain Cure, and the first night I applied it it eased the pain; and after keeping on using it for two weeks, she was restored to health. I feel it to be my duty, as it is a pleasure, to write this recommendation for the benefit of others.
JACOB BOWSER.

BEDFORD, May 16 1869.
Mr. W. W. Middleton:
Sir—I procured a bottle of your Liniment for Rheumatism, and it gives me great pleasure in saying that after using it for two days, my rheumatism was completely relieved My sister was suffering, at the same time, with Inflamatory Rheumatism in her right hand and wrist—after using it for several days she was relieved. I consider it the best remedy I ever heard of.
JOHN KEEFE

BEDFORD, May 24, 1869.
This is to certify that I have used one bottle of Middleton's Liniment, for Rheumatism, and think it a good cure, and would recommend it to all persons that are afflicted with the above disease.
AUGUSTUS CARVER.

BEDFORD, May 26, 1869.
Mr. Middleton:
Sir—I procured one bottle of your medicine and used one-half of it for Rheumatism, which effected a permanent cure up to this time. I cannot hesitate in saying that it is the best remedy I ever used.
A. B. CARN.

This excellent PAIN CURE is prepared only by W. W. MIDDLETON, Bedford, Pa., to whom all orders for the medicine should be addressed.

COLBURN'S PATENT

Fourth—No time is wasted in taking the Axe out of the cut. Fifth—With the same labor you will do one-third more work than with regular Axes. Red paint has nothing to do with the good qualities of this Axe, for all our Axes are painted red. LET EVERY MAN, WOMAN AND CHILD
READ THIS!
Their own interests are at stake in this matter. Everybody has suffered so much from the accursed CREDIT SYSTEM, if system it can be called, that I intend to offer to everybody a panacea for the evil in the future.
On and after the first day of June, 1869, I will sell goods EXCLUSIVELY FOR CASH OR PRODUCE. No doubt some customers may be lost to me, but I flatter myself that it will be only those from whom I cannot collect present accounts.
All goods will be sold at about one-half the profit now paid by consumers. The people often complain of Bedford prices being higher than elsewhere, and it is doubtless true, to some extent, for the reason that good customers have had to pay for others' goods with an additional profit on their own.
Let an intelligent community sustain me in this enterprise and they WILL SAVE FROM TEN TO FIFTEEN PER CENT. ON EVERYTHING THEY CONSUME.
may14m3 H. F. IRVINE.

NOTICE.—All accounts not settled by the first day of June, 1869, either by cash or note, will be put in the hands of an officer for collection. Friends will please take notice, and by so doing will save trouble and costs.

OUR NEW FAMILY SEWING MACHINE.

The superior merits of the "Singer" Machines over all others, for either Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

OUR NEW FAMILY MACHINE,

which has been brought to perfection regardless of time, labor, or expense, is now confidently presented to the public as incomparably the Best Sewing Machine in existence. The machine in question is Simple, Compact, Durable and Beautiful. It is quiet, light running, and

CAPABLE OF PERFORMING A RANGE AND VARIETY OF WORK

never before attempted upon a single Machine,—using either SILK, TWIST, LINEN OR COTTON THREAD, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the Unique, Useful, and Popular Folding Legs and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine, by all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly. Branches or agencies for supplying the "Singer" Machines will be found in nearly every city and town throughout the civilized world, where Machines will be cheerfully exhibited, and any information promptly furnished. Or communications may be addressed to

NATURE'S GREAT RESTORER.

SCHEETZ'S
CELEBRATED
BITTER CORDIAL.

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

A Safe Blood Purifier,
A Splendid Tonic,
A Pleasant Beverage,
A CERTAIN CURE
AND
PREVENTIVE OF DISEASES.

The ZINGARI BITTERS are compounded from a prescription of the celebrated Egyptian physician DR. CHEOPSUS, who, after years of trial and experiment, discovered the Zingari Herb—the most remarkable vegetable production, the earth, perhaps, has ever yielded—certainly the most effective in the cure of disease. It, in combination with the other valuable properties of which the Zingari Bitters is composed, will cure

Dyspepsia, Fever and Ague, Bilious Fever, Cholic, Colds, Bronchitis, Consumption in its first stage, Flatulency, Nervous Debility, Female Complaints, Rheumatism, Dysentery, Acute and Chronic Diarrhœa, Cholera Morbus, Cholera. Typhoid and Typhus Fever, Yellow Fever, Scrofula, Diseases of the Kidneys, Habitual Costiveness &c., &c.

In the PREVENTION and CURE of the above diseases, it has never been known to fail, as thousands of our most prominent citizens throughout all parts of the country will testify. Let the afflicted send for circular containing testimonials and certificates of those who have been cured after their cases have been pronounced hopeless by our best physicians.

AYER'S
HAIR VIGOR,
FOR THE RENOVATION OF THE HAIR.
THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For DYSPEPSIA or INDIGESTION, LISTLESSNESS, LANGUOR and LOSS of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For LIVER COMPLAINT and its various symptoms, BILLIOUS HEADACHE, SICK HEADACHE, JAUNDICE or Green SICKNESS, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For DYSENTERY or DIARRHŒA, but one mild dose is generally required.

For RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.

For SUPPRESSION a large dose should be taken as it produces the desired effect by sympathy.

As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

The Waters' Pianos are built of the very best and most thoroughly seasoned material.—*Advocate and Journal.*

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming adcertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for many years,) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first-class instrument. Stronger endorsement we could not give.—*Home Journal.* jan15,'69.

AYER'S SARSAPARILLA,
FOR PURIFYING THE OOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhœa or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
